Li Yikai

Third Year Undergraduate

Address: Nanyang Avenue 26 | **Date of birth:** 03-09-2005 | **Phone:** +65 87431166

Personal Email: liyikai2005@gmail.com | **School Email:** liyi0084@e.ntu.edu.sg

EDUCATION

Nanyang Technological University, Singapore *Aug 2023 - May 2027*

Bachelor of Computing (Computer Science)

- Current CGPA**:** 4.64/5.00
- Expected Honours: Highest Distinction

University of Tokyo, Japanese *June 2025 - July 2025*

- GUC short-term summer program

ACADEMIC PROJECT

OBJECT-ORIENTED DESIGN - Hospital Management System *Sep 2024 - Nov 2024*

- Built a Java-based CLI system for managing patients, doctors, appointments, and prescriptions.
- Applied SOLID principles and implemented custom file-based storage without external databases.

SOFTWARE ENGINEERING - SmartCommute *Sep 2024 - Nov 2024*

- Developed a transport app integrating public datasets and Google Maps API for route suggestions.
- Built with React.js (frontend) and MongoDB (backend) for smooth data retrieval and user experience.

INTRODUCTION TO DATABASE - TotalInvest *Feb 2025 - Mar 2025*

- Appointed as group leader, led the project, and built a relational database for TotalInvest, a digital investment system, using MS SQL Server.
- Designed ER diagram, normalized schema (3NF), and implemented SQL queries to handle user portfolios, transactions, and performance tracking.

INTERNSHIP

CENTRICORE - Junior Software Engineer *July 2025 - Dec 2025*

- Supported development and deployment of Visitor Management Systems (VMS) for major clients, enhancing reliability through testing, bug fixes, and CI/CD improvements.
- Improved authentication by implementing JWKS-based local token verification, reducing latency and removing external dependencies.

EXPERIENCE

URECA - Data Insights Visualization and Exploration *Sep 2024 - Jun 2025*

- Engaged in an Undergraduate Research Program (URECA) under faculty mentorship, focusing on developing a visualization tool based on exploratory data analysis.
- Developed a novel idea of data collection to better cluster data facts and Extended a visualization method to visualize these

CO-CURRICULAR ACTIVITIES

IET (Institution of Engineering and Technology) Liaison Manager *Sep 2024 - Present*

- Organized guest lectures and networking sessions, connecting students with industry professionals.
- Facilitating collaboration between UOSM and PSB Academy for the IET CrossCampus Connect.

SKILLS

Programming: Python, JavaScript,, Java, SQL, C, C++

Database Management: MS SQL Server, MongoDB

Software & Tools: MS Office, Visual Paradigm, VS Code, Jupyter Notebook
