Dear Research Participant,

My name is Li Yikai, an undergraduate student majoring in Computer Science at Nanyang Technological University (NTU). I am conducting a research study on developing a novel and effective approach to dataset exploration. As part of this work, we have created a new system, DFCollection, which introduces innovative visualization and exploration techniques. We are now recruiting participants to take part in interviews to provide feedback and help evaluate the system.

Principal Investigator (PI): Wang Yong
NTU IRB Reference Number: IRB-2025-933

You are invited to participate if you:

- Are 21 years or older
- Have experience in a related field (e.g., Visualization, Exploratory Data Analysis, Data Analytics)
- Are available for in-person sessions or video calls

Study Details:

- Part 1: Introduction to the background, purpose, and framework of the system
- Part 2: Guided exploration of DFCollection using two datasets, followed by case studies
- Part 3: Independent exploration of the system and completion of a short questionnaire

Compensation: 30 SGD
Participation is voluntary. Your decision will not affect your academic standing. Your input will contribute to the evaluation of DFCollection. All responses will remain confidential and used solely for research purposes.

If you have questions about your rights as a participant, please contact the NTU Institutional Review Board (IRB):IRB@ntu.edu.sg

If you are interested or would like to know more, please reply to this email or contact me at liyi0084@e.ntu.edu.sg

Thank you for considering this opportunity!
Best regards,
Li Yikai
